Title: Clinton PTA President:

Topic: SB00929 - AA EXPANDING SCHOOL MEAL PROGRAMS TO PROVIDE FREE SCHOOL

MEA...Supports

Testimony:

The expanding school meal program would greatly help our Connecticut families, who have children in school. Having the free meals program at school over the past few years have helped families that are not able to make ends meet with what they have coming in monetarily. Please consider this bill, I know that many families are struggling to afford food for their families.

I would like the assembly to think about free meals for evenings as well.
